Congressman Rick Larsen is serving his eighth term in the U.S. House of Representatives. Rick represents the Second Congressional District of Washington state, which is north of Seattle and includes portions of Snohomish, Skagit and Whatcom counties and all of Island and San Juan counties.

Rick is a leader on transportation and aviation, trade and U.S.-China relations. He is a strong advocate for pro-growth policies that support innovation, job creation and a strong economic foundation.

The Second District is home to Boeing's largest facility where workers make the 747s, 767s, 777s, 787s and the new Air Force KC-46 refueling tanker. The District is also home to Naval Station Everett and Naval Air Station Whidbey Island, which serve central roles in the Defense Department's Asia-Pacific mission.

Rick and his wife, Tiia, are the proud parents of two sons, Robert and Per, who represent the fifth generation of Larsens in the District.
